1.4) Please comment on aspects of this teacher's teaching you think were particularly good.

- Helpful seminars where he taught us step-by-step how to answer questions

1.5) Please comment on aspects of this teacher's teaching you think could be improved.

- In the start of the course where we learned game theory unit, I feel that seminar questions were too difficult especially for first unit which caused a lot of us to be stressed about the course, however I believe that along the weeks, the questions were adapted to fit lecture content and our understanding level better.
- Sometimes arrives late to class and the solutions are usually not posted on time after the class, seminar is not as interactive or enjoyable. Problem Set 2 took 3 weeks to finish in class and didn't have much to do with the lectures covered at that time.

1.6) Overall, I am satisfied with the teaching by this teacher on the course.

1.4) Please comment on aspects of this teacher's teaching you think were particularly good.

- Ameek always seeks students' feedback to incorporate them in his teaching and improve quality of seminar classes. Very clear and patient in explanations (step-by-step)
- Covered problem set workings in detail
- He’s understanding to the students.
- patient
- Very nice teacher!
- Was not observed.

1.5) Please comment on aspects of this teacher's teaching you think could be improved.

- Be more engaging and explain content better
- He put very little effort into it classes. Took past year problem sets and seemed to have seen them for the first time in class. Did not bother to check solutions for errors, or even change the name of the creator of the PS.
- more questions for the ps

1.6) Overall, I am satisfied with the teaching by this teacher on the course.
