1. Class/Seminar Teacher Evaluation

This survey requests your feedback on two separate aspects of your learning experience, split into three sections. The first section asks for your views on your teacher's class/seminar teaching. The second section asks for your views on the course as a whole at this point in time. Finally, the third section asks for some information about you, to aid analysis.

We recognise that this term has been particularly challenging for everyone due to the wider public health situation, with disruption experienced by both students and teaching staff. The School is continually striving to deliver the best possible educational experience despite these challenges and your views about your learning experience at LSE are a valuable source of information about this. The results will be used to help improve the teaching and learning experience for you and your peers and to identify good practice.

The School assumes that your response is broadly positive if you 'mostly agree' or 'definitely agree' with a statement.

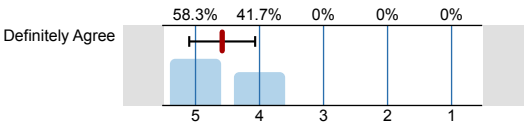

1.1) Do the answers you supply below relate to the teacher from whom you have received the majority of your class/seminar teaching this term? The teacher's name, course title and group number (where relevant) are provided in the invitation email you have received for the survey.

1.13) 1.7b Please comment below on aspects of this teacher's class/seminar teaching you think could be improved.

- I know our class is quite shy - perhaps try asking people directly?
- It would be better if the teacher could mention students' common mistakes in problem sets and explain more about those questions each week.
  would appreciate it if the teacher could keep doing recaps of last week's materials at the start of each class, my recommendation is to explain the structure of the material clearly and show the connections between concepts.
  maybe get students involved a bit more, and make the subject more interesting.
- Maybe could involve the class more by having people turn on cameras or even picking people to answer questions so that people are forced to answer and be more proactive so that the class will not be too awkward. But overall the classes really help me a lot with my

- Ameek has been one of the class teachers I have liked the most. He prepared very detailed notes for the classes that have improved a lot my understanding of the intuition and algebra used in this course. He also tries that we participate and when someone cannot answer a question he reexplains that part if needed. Also his office hours are very helpful. Thanks Ameek!
- Ameek is a great teacher! He made EC221 seem less rough and interesting! I also really liked talking to Ameek during office hours since he was always available, responsive and helpful. I had a great Lent term thanks to him. Thank you!
- Ameek tried to make everyone involved, especially towards the end of the year, where the material started becoming more difficult.
- Ameek was friendly and engaging, and did a good job of explaining his process for solving problems in a clear way.
- Ameek was personable and supportive, and worked hard to engage pupils across the term.
- Ameek's class notes (which he sends us after each class) are superb: very clear and detailed. Sometimes they even show alternative ways to solve the questions.
- Detailed notes and explanations
- Great work! Really liked the detailed notes that we received for each class :)
- He is explaining the subjects from different perspectives which helped me understand the topics.
- I like the handwritten notes a lot. After class I study both Ameek's notes and the official solution. They give me different perspectives into the same question.
- Puts in a lot of effort. Is able to convey difficult topics very well. Overall great teaching!
