1.12) 1.7 Please comment below on aspects of this teacher's class/seminar teaching you think were particularly helpful.

- Granting us freedom to present our own perspectives on the issues studied in this course made it very inclusive and interesting.
- I like the idea of having presentations of the students for each topic.
- The presentations from colleagues are very useful but the teachers role is Nule
- Weekly presentations were great in terms of deepening our understanding

1.13) 1.7b Please comment below on aspects of this teacher's class/seminar teaching you think could be improved.

- I think the seminar leader could have made their presentations more interesting in the beginning of the classes. Additionally, we always "lost" a few minutes of class due to technology issues and, 1 or 2 times, due to the seminar leader being late.
- It doesn't make any sense that 100% of the grade depends only on a workgroup not related to the lectures or seminar.
- Two lectures to cover the very extensive material instead of a seminar that does not contribute. Hearing from colleagues is great but we do that in other spaces and seminars should be adding more value.

- Ameek was really committed to go deep further on the week's topic, so we could understand other aspects of it that weren't discusses in the lecture. He invited us always to participe, give our point of view and reflect on what has been done on the topic and what could be done in the future.
- Break down the principles given from the lecture and apply relevant example in real world.
- Everything was good.
- His economic perspective is helpful when discussing issues related public policy application
- Presentation/study case from the participants from different countries
- Using the analytical framework to discuss the topic . Ameek is able to demonstrate specific examples to points raised at the seminar and his honesty and openness with us is appreciated.

1.13) 1.7b Please comment below on aspects of this teacher's class/seminar teaching you think could be improved.

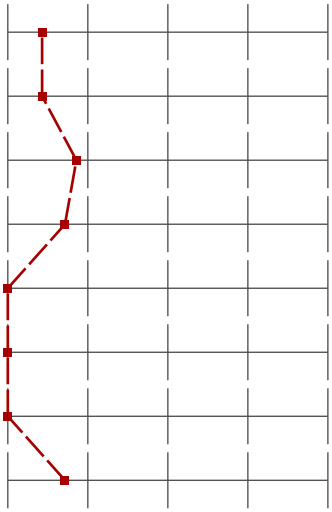

- Everything was good.
- For one of the seminar's I was of the view that one of the colleague's view was discriminatory towards a section of population . Whilst as a member of the seminar group , some of us called it out as such . But I felt that Ameek could also have made a comment on the nature of the remark or view . It was left as something that we as mature students could take it out of the class to discuss more . I acknowledge that I didn't raise it with Ameek at the time following consultations with other colleagues. However felt that it needs to be raised as part of this feedback .
- I like the current style of this seminar.
