1. Class/Seminar Teacher Evaluation

This survey requests your feedback on two separate aspects of your learning experience, split into three sections. The first section asks for your views on your teacher's class/seminar teaching. The second section asks for your views on the course as a whole at this point in time. Finally, the third section asks for some information about you, to aid analysis.

We recognise that this term has been particularly challenging for everyone due to the wider public health situation, with disruption experienced by both students and teaching staff. The School is continually striving to deliver the best possible educational experience despite these challenges and your views about your learning experience at LSE are a valuable source of information about this. The results will be used to help improve the teaching and learning experience for you and your peers and to identify good practice.

The School assumes that your response is broadly positive if you 'mostly agree' or 'definitely agree' with a statement.

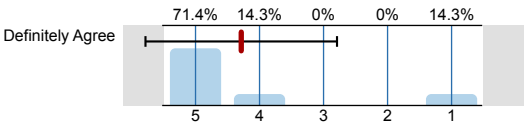

1.1) Do the answers you supply below relate to the teacher from whom you have received the majority of your class/seminar teaching this term? The teacher's name, course title and group number (where relevant) are provided in the invitation email you have received for the survey.

1.12) 1.7 Please comment below on aspects of this teacher's class/seminar teaching you think were particularly helpful.

- Ameek is a gifted educator. His seemingly endless patience, empathy, and ability of breaking complex issues down to their core parts made the 402 seminar the best part of the week.
- Ameek is an excellent teacher. He helps us understand complex topics in a clear, simple way. It is clear that he is there to help us - his seminars and office hours are great resources for us. I am glad I was in Ameek's seminar - he is very supportive and good at what he does.
- Ameek really slows things down and uses real-life examples to help us understand complicated concepts.
- Ameek was very helpful and had the best attitude towards the class to try to help us even when he had to repeat the same idea many times. I am very thankful for having him as my teacher.
- Topics are relevant and interesting, i love the subject
- good discussion on real-world application

1.13) 1.7b Please comment below on aspects of this teacher's class/seminar teaching you think could be improved.

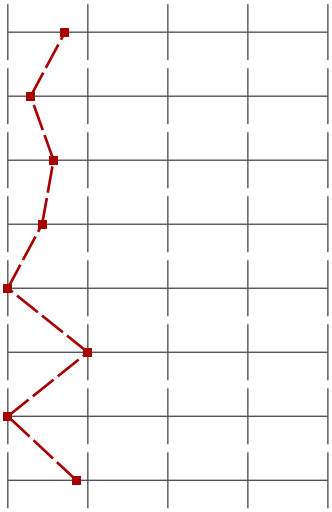

- As we repeated many times during the term it is very difficult to learn when the PSets were not aligned with the lectures. The work was extremely difficult without having the knowledge beforehand and it created an environment of stress to everyone.
- Maybe teachers should in the first class get to know the students, their backgrounds professional and personal. To motivate participation.
  Maybe students can be provided with the most humble and skeletal level public management cheat sheets. Students can assist in developing these with a little bit of guidance from the lecturers. The idea is to have a summary sheet for every topic that can assist us with research and studying. For example summary take aways from key readings and authors, just a thought.

1.12) 1.7 Please comment below on aspects of this teacher's class/seminar teaching you think were particularly helpful.

- Ameek was very patient and explained things several times which was much appreciated
- His patience and empathy.
- I like that he is open to taking questions and takes time out to answer them, to clear all doubts.
- Takes lot of effort in communicating the concept

1.13) 1.7b Please comment below on aspects of this teacher's class/seminar teaching you think could be improved.

- Doble the weekly lecture+seminar hours
- It is good that he stops to answer all questions at time, but sometimes, what that does is, it does not allow us to complete all questions in the seminar. The last few questions seem rushed. Some questions can be answered by going through the whole problem set and thereafter more questions can be taken.
- N/ A
